President's Letter

Recently I had a few residents ask me about who has the right of way, the golf cart or the automobile? If you are driving a golf cart and a car or truck approaches from the rear, you should pull over and let the car or truck pass you. However, no matter what you are driving it is always a good idea to drive defensively and allow others the right-of-way.

If you have been to the clubhouse lately you may have noticed the new carpet on the stage. I want to thank Sal Chieffo and the group of volunteers who removed the old carpet and had the stage ready when the carpet installers arrived. The stage looks great!

If you haven't heard, we have a new Board of Directors. They are:

John Monser – President

Sal Chieffo – Vice President

Tim Farmer – Treasurer

Kathy Marro – Secretary

James Reinke – Director

Their names and contact numbers are posted on Alice's office door should you need them.

At the last couple of meetings, the question was raised by some residents who live on Canal Way and back up to the canal if they could replace the wire fencing that runs along the canal side of their homes. I spoke with the city of Oldsmar, and they said if you are interested in replacing the fence you should submit a request for a permit along with a detailed drawing of what you propose to replace it with to the city. There are no guarantees it will be approved however they will consider your request. You will also need to submit a request and get the approval from our Architectural Committee as GAV has restrictions on the type and the height of fencing that can be used.

I want to welcome all our new residents! I am sure you will find GAV is a wonderful place to live. We have all sorts of activities and things to do. If you have any questions about GAV, the best place to first look is online at gullairevillage.org. If you cannot find your answer online contact one of the board members and they should be able to help you. Again, welcome!

John

BENEFITS OF A GOOD VOCABULARY

I recently called an old Engineering friend of mine and asked what he was working on these days.

He replied that he was working on "Aqua-thermal treatment of ceramics, aluminum and steel under a constrained environment."

I was impressed until, upon further inquiry, I learned that he was washing dishes with hot water under his wife's supervision.

about from residents for a new 3ton air are from
\$4500 to \$12,000. And some of the higher prices
are coming from companies with good standing.
Some of the companies will repair your unit for a
fair price, but when it comes to installing, they
are way out there. Ann*

**NO MORE RAIN CHECKS**

Today is not good but for sure some other time.
"How about a rain check" said that voice of mine
Always so busy with so much to do.
Rain checks pile up on me and you.

Great ideas seem to have a way
Of showing up on the wrong day.
We'll get together, not now thought it's late.
Kind words and deeds will just have to wait.

How much good seed really has been sown?
Are our allotted days solely our own?
Why in this world do we save warm hellos?
Our tomorrows that are left, GOD only knows!

Time marches on and oh how things change.
Where did life go - isn't it strange?
Tomorrows eventually we all will lose.
With piles of rain checks we can never use.....

Checks” under the pen name SKENN. Thank you

ARCHITECTURE

As the summer approaches remember to check the guidelines on when an application needs to be submitted for approval. If you are unsure, go ahead and apply anyway. Also any committee member is willing to answer any question. Those members are Sherri Page, Maryann Sieminski, Carl Foley, Jill Kauss and Peggy Allison.

Peggy Allison

VETERAN'S GROUP

There will be no veteran's group meeting during the summer. Meetings will resume in September.

BENEFITS OF A GOOD VOCABULARY

I recently called an old Engineering friend of mine and asked what he was working on these days.

He replied that he was working on "Aqua-thermal treatment of ceramics, aluminum and steel under a constrained environment."

I was impressed until, upon further inquiry, I learned that he was washing dishes with not water under his wife's supervision.
